Sophie's Hope Foundation – CureGSD1b

The Club at New Seabury – Mashpee, MA

Monday July 24, 2023 – 10AM Shotgun

Sophie's Hope Foundation's mission is to help find better treatment and ultimately a cure for Glycogen Storage Disease Type 1b, by providing critical funding and coordination for research. The foundation was started by Jamas and Margot LaFreniere after their daughter, Sophie, was diagnosed in September of 2019 at the age of 2 with GSD 1b, which is an incredibly rare genetic disease that has no cure and is life threatening. The foundation is based in Hopkinton, MA and is a fully registered 501c3 charitable organization (Tax ID is 84-5014314).

This year's event will once again take place at The Club at New Seabury, which includes a world-class setting on the ocean in beautiful Cape Cod. All sponsorships and 4somes include golf, carts, breakfast, lunch, player gifts, awards, contest prizes, and an invite to the after party at the Popponeset Inn on the beach. The after party will include a raw bar, appetizers, cash bar, awards and prizes, and high-end silent auction. To learn more about GSD1b and Sophie's Hope Foundation please visit our website at www.sophieshopefoundation.org or find us on Facebook, Instagram, and LinkedIn. All proceeds from this event go towards our mission to drive research, raise awareness, and support GSD1b patients and families.

Questions and inquiries can be sent to Jamas LaFreniere at jamas@sophieshopefoundation.org or 508-341-4027
